

Welcome to 6th Grade Ms. Tacherra Room 14

Students

I am So excited to welcome you to 6th grade! This is going to be a year full of learning and fun! 6th grade is a very important learning year. In my classroom we value hard work, not perfection. Mistakes are proof you're trying. No matter where you are starting this year, the goal is to see growth. AS a 6th grader, I expect you to try your best everyday. Let's make this year amazing!

Supplies

We are fortunate that HPE can purchase most of the needed supplies for this school year. However, please do what you can to provide the following ...

- ★ earbuds or headphones with a microphone (for iReady, testing, etc.)
 - ★ a quiet learning space at home
 - ★ a backpack
 - ★ a refillable water bottle
 - ★ colored ballpoint pens for correcting (NOT blue or black)
 - ★ multi-colored highlighters (we take a LOT of notes in 6th grade)
 - ★ If this is a financial hardship PLEASE let me know, So I can help!!
- We are always accepting donations of:
- ★ Hamster food, treats, or accessories (for our class pet Myrtle)
 - ★ Hand sanitizer and hand soap
 - ★ Clorox or baby wipes
 - ★ Kleenex
 - ★ Paper towels

Parents

I am So excited to spend this year teaching your students again! Most of you were with me last year and I am excited to have your students back in my classroom! If you are new to HPE, welcome! I look forward to working with you to educate your student. This is a very important year for your student. In 6th grade, we are preparing students for middle school as well as life beyond school. We will focus on grade level standards but also independence, problem-solving and social-emotional proficiency. I will share more about our classroom expectations at Back-to-School Night!

Communication

Parents, I will be using the Remind app. I am using the same class as last year so if you already have it, you're set! Please download the free app and use the code aka8d2 to join our class on your cell phones. Students, all assignments and communication will be posted in Google Classroom (GC). We will also use a student planner to keep track of homework, reminders and important dates for each week.
